MEET CHAVAN

8169264512 | meetchavan24@gmail.com | linkedin.com/in/meet-chavan

Student at Dwarkadas J. Sanghvi College of Engineering pursuing BTech in Computer Engineering previously with a Diploma in Computer Engineering having experience in Mobile App Development especially using Flutter along with Firebase and REST APIs.

EXPERIENCE

JULY 2022-OCT 2022

INTERNSHIP - FLUTTER DEVELOPER
BRANDING CATALYST PVT. LTD.

Built and lead the development of multiple client apps based on Flutter also involving creation and management of Firebase for Authentication, Database, Storage, Hosting, with implementation of various REST APIs and integration along with usage of GitHub for version control.

EDUCATION

AUG 2023-2026

B.TECH IN COMPUTER ENGINEERING

SVKM'S DWARKADAS JIVANLAL SANGHVI COLLEGE OF ENGINEERING, VILLE PARLE

DEC 2020-JUNE 2023

DIPLOMA IN COMPUTER ENGINEERING

VIDYAVADHINI'S BHAUSAHEB VARTAK POLYTECHNIC, VASAI
Secured 92.69% in MSBTE Affiliated Course with 1st Rank during Second & Third Year in College.

MAR 2020

SSC, MAHARASHTRA BOARD

ST. FRANCIS HIGH SCHOOL, VASAI
Secured 90.40% in SSC Boards Examination.

SKILLS

FLUTTER   FIREBASE   ANDROID   GITHUB   PYTHON   PHP   JAVASCRIPT   JAVA   VB.NET   HTML

ACHEVEMENTS

APR 2023 ○ WINNER, STATE LEVEL TECHNICAL QUIZ COMPETITION
VIDYAVARDHINI'S BHAUSAHEB VARTAK POLYTECHNIC, VASAI

FEB 2023 ○ WINNER, STATE LEVEL TECHNICAL QUIZ COMPETITION
PRAVIN PATIL COLLEGE OF DIPLOMA ENGINEERING AND TECHNOLOGY, BHAYANDAR

DEC 2022 ○ WINNER, STATE LEVEL TECHNICAL QUIZ COMPETITION
THAKUR POLYTECHNIC, KANDIVALI

DEC 2022 ○ RUNNER UP, STATE LEVEL TECHNICAL QUIZ COMPETITION
VIVA COLLEGE OF DIPLOMA ENGINEERING AND TECHNOLOGY, VIRAR

FEB 2020 ○ TECHNO-SAVVY AWARD
ST. FRANCIS HIGH SCHOOL, VASAI

PROJECTS

- **REAL ESTATE PROPERTY APP FOR BROKERS**
  - Created and Lead 'BrokerSpace', a Real Estate Application made for Brokers to communicate and share property listings and requirements with each other which was made under completion of Final Year Diploma Project.
  - The application was a multi-platform app available to use for Android, iOS and Web developed in Flutter with Firebase.
  - Developed around 25+ screens with separate layout for mobile and web.
  - Integrated 3rd party APIs like OpenStreetMap, GeoAPIfy, etc along with the core Firebase features implementation.
  - Lead and managed the development of the app throughout the stages of SDLC including assignment of tasks to team members, creation of required documentation, managing of GitHub.

- **LAUNDRY STORE ORDER MANAGEMENT SYSTEM**
  - Created and Lead a Laundry Store Order Management System, for a client project during my internship.
  - Developed 3 separate applications 'Customer Order Placement App', 'Pickup and Delivery Partner App' and 'Admin Management Website' in Flutter with Firebase as backend.
  - Developed a small Node Express API for sending Firebase Push Notifications to Customer and Delivery Partner on order status updates.
  - Integrated other 3rd party APIs like OpenStreetMap along with the core Firebase features implementation.

- **GOVT. AIDED E-LEARNING APPLICATION**
  - Worked on development of a Govt. aided E-learning application 'Skill Book', for a client project during my internship.
  - Tasked with updating UI screens for existing modules and implementing the features using APIs of Node Backend.
  - Created/Updated around 15+ screens involving splash screens, onboarding, registration, login, home screen, upload course pages, etc. in Flutter.
  - Implemented the reels-like scrollable videos view along with displaying video title, description, no. of likes and no. of views in home screen as well as other API calls.

- **BLOOD DONATION CAMP REGISTRATION**
  - Created a Blood Donation Camp donor registration app for a local blood donation camp under an NGO organization.
  - Created in Flutter based on Firebase consisting of Registration Form and displaying and managing of all entries along with their donation status.
  - Created a Flutter Website implementation of the donation statistics count for adding it as widget into OBS for streaming and recording.

- **STOCKS TRADING APPLICATION**

  Created multiple static screens, managed assignment and integration of modules, implemented Firebase Authentication involving Phone Auth in Flutter during internship.

- **PORTFOLIO APPLICATION**

  Created a simple Flutter Web app consisting of personal profile including social media handles.

- **PASSWORD & CARD MANAGER APPLICATION**

  Created a Password & Card Manager app using Native Android Java involving Firebase as a part of Diploma Mini Projects.

- **URL SHORTENER WEBSITE**

  Created a URL link shortener using PHP involving MySQL as a part of Diploma Mini Projects.

- **SNAKE & LADDERS GAME WEBSITE**

  Created a Snake & Ladders game using JavaScript as a part of Diploma Mini Projects.

- **EXAM RESULT WEBSITE**

  Created a Exam Result Website using Java Servlets involving Oracle Database as a part of Diploma Mini Projects.
